No. ED/KEA/UGCET/2024   Date: 20.02.2024

UGCET 2024 – Online Application cum Verification Module – correction of RD Certificate

----

Clarfications has been issued earlier informing the candidates that the name of the candidate in the RD certificate (including surnames, initials, dots, space) should be the same as in the SSLC marks cards while applying for UGCET 2024. But inspite of that it is observed that many candidates claiming reservations under Caste / Income/HK/NCLC/Religious Minority certificate category in the UGCET 2024 online application cum verification module have been considered under 'GM' due to mis-match in the name of the candidate in the RD certificate.

The list of such candidates who have claimed reservation but being considered under 'GM' category due to mis-match shall be published in KEA website on 28.02.2024. The candidates are advised to go through this list and get their names rectified in the RD certificate. An the interface will be provided from 01.04.2024 to 15.04.2024 for such candidates to rectify their names and upload the correct RD certificate.

Note : Candidates whose names do not appear in the list are advised to check if their claimed reservations are reflected in their applications.
